

# HydraFacial™

**The HydraFacial™ treatment** is the newest advance in non-laser skin resurfacing. HydraFacial™ is the only hydra dermabrasion procedure that combines cleansing, exfoliation, extraction, hydration and antioxidant protection simultaneously, resulting in clearer, more beautiful skin with no discomfort or downtime. The treatment is soothing, moisturizing, non-invasive and non-irritating. The HydraFacial™ treatment improves the appearance of fine lines, wrinkles, congested and enlarged pores, oily or acne-prone skin, hyperpigmentation and brown spots.

The HydraFacial™ System uses a vortex fusion technology to gently but thoroughly refresh and revive the skin.

**Cleanses:**

*Deeply cleanses and exfoliates with a gentle peel to uncover a new layer of skin.*

**Extracts:**

*Removes impurities from pores with painless gentle suction.*

**Hydrates:**

*Saturates the skin's surface with intense moisturizer and nourishing, personalized ingredients.*
